

## iSectors® Precious Metals Allocation

**iSectors® Precious Metals Allocation is a strategic model designed to offer investors a convenient, cost-effective approach to invest in a liquid, diversified portfolio of precious metals.**

### Portfolio Description

The iSectors® Precious Metals Allocation is intended to offer investors a simple and cost-efficient approach to acquiring a diversified portfolio of precious metals. This allocation model invests in exchange-traded funds (ETFs) that hold portfolios of gold, silver, platinum or palladium bullion. The iSectors Precious Metals Allocation provides for ease of purchase, cost savings, and liquidity when compared to directly acquiring and holding physical precious metals bullion.

### Global Demand For Precious Metals Is Rising

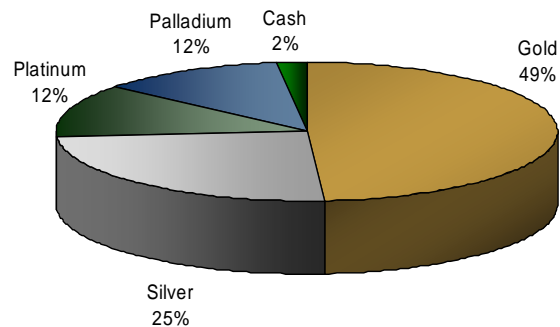

Gold and other precious metals tend to have a place in most investment portfolios for many different reasons, including: global industrial demand, risks of inflation, currency devaluation, and global political instability. Precious metals are considered an inflation hedge, but have also done well in periods of low interest rates and in periods of recession/depression. In recent years, increased federal deficits and rising government debt have heightened economic uncertainty, intensifying the appeal of precious metals among U.S. investors. Growing industrial and investment demand coming from China and India have also been suggested as reasons for increasing prices for precious metals.

Investment in precious metals has sometimes been avoided by investors, largely due to complexities such as time, effort, and costs associated with purchase, transportation, storage, insurance and security. By using ETFs, precious metals bullion can be owned in a simple, cost-effective fashion while providing daily liquidity, pricing and transparency with respect to the holdings. The iSectors Precious Metals Allocation offers a diversified, convenient approach to holding precious metals.

Precious Metals Allocation Quick Facts as of 12/31/2011	
Portfolio Type	Strategic
Risk Rating <sup>1</sup>	Aggressive Growth
Risk Score <sup>1</sup>	100 (out of 100)
Account Minimum	\$15,000
Portfolio Inception	2010
Holdings <sup>2</sup>	6
Current Yield <sup>3</sup>	None

### Asset Allocation<sup>2</sup>

<sup>1</sup>Risk ratings and risk points are determined based upon overall asset allocation and are ranked based upon a 100 point scale which is divided into 7 risk point sections: Capital Preservation (1-14), Conservative (15-29), Cons. Growth (30-43), Moderate (44-57), Mod. Growth (58-71), Growth (72-86), and Aggressive (87-100). <sup>2</sup>The sample target allocation/holdings information is as of 12/31/2011 and should not be considered a recommendation to buy or sell a particular security. There is no assurance that any specific securities listed will remain a part of the model.

<sup>3</sup>An indication of the expected dividends and interest based on the holdings and market value of the portfolio as of 12/31/2011. An investment in any iSectors® allocation model is not guaranteed and, at any given time, may be worth more or less than the amount invested.

## About The Manager:

iSectors® has developed and provides a comprehensive suite of 21 proprietary Exchange-Traded Fund (ETF)–based asset allocation models and services. Collectively, the iSectors web-based platform and series of asset allocation models offer advisors and their clients a broad selection of strategies, services and support to assist them in building and managing an appropriate investment solution designed to achieve a client’s financial objectives.

Allocation models are categorized by risk and return characteristics and organized into five unique series of asset allocation approaches: Domestic, Institutional, Endowment, Post-MPT and Tactical Series. Also offered are Capital Preservation, Inflation Protection, Liquid Alternatives, and Precious Metals allocation models.

iSectors® ETF-based portfolios are low-cost (when compared to most actively-managed mutual funds), offer intraday liquidity, and provide transparency with respect to model holdings. All assets are held in separately or unified managed accounts titled in the client’s name. Investors are fully supported by their independent registered investment advisor (RIA) and a team of back-office service professionals.

iSectors, LLC is an affiliate of Sumnicht & Associates, LLC (Sumnicht) and, as such, iSectors and Sumnicht share certain employees' services. Sumnicht & Associates was founded in 1988. iSectors became a separate Registered Investment Advisor in August, 2008.
