## Index Definitions:

Bloomberg 1-3 year Government/Credit Index measures the performance of investment grade, US dollar-denominated, fixed-rate, taxable corporate and government-related debt with 1 to 2.9999 years to maturity.

Bloomberg Aggregate Bond Index is a market capitalization-weighted index designed to measure performance of the investment-grade domestic bond market, including Treasury securities, Government agency bonds, Mortgage-backed bonds, Corporate bonds, and a few foreign bonds traded in U.S.

Consumer Price Index All Urban Consumers Seasonally Adjusted (CPI) is a measure of the average change in prices over time of goods and services, including: food, clothing, shelter, and fuels, transportation fares, charges for doctors' and dentists' services, drugs, and other goods and services that people buy for day-to-day living. Seasonally adjusted CPI eliminates the effect of changes that normally occur at the same time and in about the same magnitude every year. December 2023 CPI was not available at the time this report was compiled, so December 2023 CPI was estimated using November 2023 CPI.

HFRX Global Hedge Fund Index is a representative index of the overall composition of the hedge fund universe comprised of all eligible hedge fund strategies; including but not limited to convertible arbitrage, distressed securities, equity hedge, equity market neutral, event driven, macro, merger arbitrage, and relative value arbitrage. The strategies are asset weighted based on the distribution of assets in the hedge fund industry.

S&P 500 Index (Total Return) is an unmanaged, capitalization-weighted index of 500 large-cap common stocks actively traded in the United States. The total return index measures both price and dividend performance of the underlying equities in the index.

MSCI All Country World Index (ACWI) is a market capitalization weighted index designed to provide a broad measure of equity-market performance throughout the world. It is maintained by Morgan Stanley Capital International, and is comprised of stocks from both developed and emerging markets.

FTSE World Government Bond Index measures the performance of fixed-rate, local currency, investment grade sovereign bonds. It currently comprises sovereign debt from over 20 countries.

60-40 Stock-Bond Index = 60% S&P 500 TR + 40% Bloomberg Aggregate Bond Index.

25-75 Stock-Bond Blend = (40% S&P 500 + 60% Bloomberg Agg. Bond Index from inception through 3/31/2013) + (25% Bloomberg Agg. Bd Index + 75% S&P 500 TR from 3/31/2013-current).

50-50 Stock Bond Blend = (60% S&P 500 TR + 40% Bloomberg Agg. Bd. Index from Inception through 3/31/2013) + (50% S&P 500 TR + 50% Bloomberg Agg. Bond Ind. from 4/1/2013-current).

75-25 Stock Bond Blend = (80% S&P 500 + 20% Bloomberg Agg. Bond Index from inception through 3/31/2013) + (75% S&P 500 TR + 25% Bloomberg Agg. Bond Index from 4/1/2013-current).

25-75 Global Stock-Bond Blend = 25% MSCI ACWI + 75% FTSE World Government Bond Index

50-50 Stock Bond Blend = 50% MSCI ACWI + 50% FTSE World Government Bond Index

55-45 Stock-Bond Index = 55% MSCI ACWI + 45% FTSE World Government Bond Index

75-25 Stock Bond Blend = 75% MSCI ACWI + 25% FTSE World Government Bond Index

Morningstar Target Risk Indices: The Morningstar Target Risk Index series consists of five asset allocation indexes that span the risk spectrum from conservative to aggressive. The family of asset allocation indexes can serve as benchmarks to help with target-risk mutual fund selection and evaluation by offering an objective yardstick for performance comparison.

All of the indexes are based on a well-established asset allocation methodology from Ibbotson Associates, a Morningstar company and a leader in the field of asset allocation theory.

Indxx Blockchain Index: The Indxx Blockchain Index is designed to track the performance of companies that are either actively using, investing in, developing, or have products that are poised to benefit from blockchain technology. The index seeks to include only companies that have devoted material resources or made material commitments to the use of blockchain technologies.

## Important Disclosure

### General Disclosure

iSectors® is a suite of proprietary asset allocation models and services. iSectors®, LLC is an affiliate of Sumnicht & Associates, LLC (Sumnicht) and, as such, iSectors® and Sumnicht share certain employee services. iSectors® became registered as an investment advisor in August 2008. iSectors® is a registered trademark of Sumnicht Holdings, LLC.

The contents of this presentation are for informational purposes only. Content should not be construed as financial or investment advice on any subject matter. This is neither an offer nor a solicitation to buy and/or sell securities. Information pertaining to iSectors® operations, services, and fees is set forth in its current disclosure statement (Form ADV, Part 2 Brochure), a copy of which is available upon request.

iSectors® asset allocation models are not guaranteed and involve risk of loss. At any given point in time, the value of iSectors® asset allocation model portfolios may be worth more or less than the amount invested. Different types of investments and/or investment strategies involve varying levels of risk, and there can be no assurance that any specific investment or investment strategy (including the investments and/or investment strategies devised or undertaken by iSectors®) will be either suitable or profitable. Financial professionals are responsible for evaluating investments risks independently and for exercising independent judgement in determining whether investments are appropriate for their clients.

Past performance may not be indicative of future results. Therefore, no current or prospective investor should assume that future performance will be profitable, or equal either the performance results reflected or any corresponding historical index. Asset allocation and diversification concepts do not ensure a profit nor protect against loss in a declining market.

The historical benchmark index performance results are provided exclusively for comparison purposes to assist an advisor in determining whether the performance of a specific investment meets their respective client's investment objective(s). It should not be assumed that any account holdings will correspond directly to any comparative index. Index performance results do not reflect the impact of taxes. Indexes are not available for direct investment. Index performance results are compiled directly by each respective index and obtained by iSectors® from reliable sources. Index performance has not been independently verified by iSectors®. iSectors® models are based on index ETFs that can neither outperform nor underperform their benchmark index. We provide benchmark indexes that are well known for comparison purposes only.

### Fee Information

Composite performance results reflect the reinvestment of dividends and other account earnings and do not reflect the impact of taxes. Composite performance results provided are net of iSectors® standard management fee with the assumption that the fee will remain constant for all accounts. Additional fees that could be charged such as platform and custodial fees are not included. iSectors® asset allocation models are available through registered investment advisors who will charge an additional fee for their advisory services. For reasons including size of account, platform provider and custodian utilized, as well as variances in portfolio account holdings, market fluctuation, the date on which an investor engaged iSectors® services, regular model rebalancing and/or updates, and timing of account contributions and withdrawals, the underlying fees and performance of a specific account may vary from other accounts. ERISA (group retirement) accounts may be subject to additional recordkeeping and/or administrative fees.

### GIPS® Information

This information is marketed to investment professionals. iSectors®, LLC has managed the asset allocation models since the Firm's inception in 2008. Previously, Sumnicht & Associates, LLC (Sumnicht), an affiliated company, managed the allocations. Sumnicht is a provider of investment management services for institutional, family office and individual clients. Sumnicht claims compliance with the Global Investment Performance Standards (GIPS®). Sumnicht claims that the allocations are GIPS® compliant since each allocation's respective inception dates and have been GIPS® verified from 1/1/2008 to 12/31/2022, as of the verification date of 7/18/2023. The allocation composites include both institutional and individual client accounts whereby iSectors® has sole portfolio discretion with investment objectives matching that of each specific allocation. Performance in this publication is shown in US dollars, net of iSectors® management fee, including the reinvestment of dividends and does not reflect the impact of taxes. Returns will be reduced by platform, custodial, trading, and advisory fees, if applicable. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant accuracy or quality of the content contained herein. Past performance is not indicative of future results.
